Direct Video Entertainment (DVE) is a fast-growing, nationally recognized provider of DIRECTV television and HiSpeed Internet wired and wireless solutions. We are a solutions oriented group that can get your business or establishment started with high-quality television services quickly and affordably. It is our mission to provide the highest level of customer service, superior technical support and products that meet our customers' needs at wholesale prices. With over 50 years of combined expertise and experience, our management team's focus is on developing a business model that fits our customers' requirements, from the doctors waiting room to a barber shop, to the hotel or assisted living facility that needs a digital bulk system without having cable boxes in the rooms. Systems have the capability to incorporate technologies that are constantly changing and the flexibility to modify according to the desires of our customers. DVE provides the highest quality product and service solutions available and then delivers them with pride and professionalism.

Looking to upgrade your hotel's television service to HD? Want to add DIRECTV but don't have the technical experience? We can provide your guests with quality television service immediately.

## Introducing the DIRECTV Residential Experience for Hotels

Make your guests feel at home by giving them the same TV experience they love at home. They can now find what they want to watch more easily than ever with the same program guide they're used to in their living room. They can rest easy while they channel-surf with our simplified remote with an anti-microbial finish. And with over 100 HD channels, they won't miss their favorite shows. Nearly 9 out of 10 hotel guests prefer the DIRECTV viewing experience over any other. Give them the TV service they already love.

### Custom Solutions - One Size Does Not Fit All For TV Packages

If you run a hotel, a restaurant, a dental practice, a law firm, retirement facility, or gym, it pays to give your customers the best television experience. Contact us today and we will help you choose the best package for you and your customers.

### Discernible Benefits - Would Your Business Benefit From TV?

Whether your business is customer-service-oriented or office-based, by offering sports, news, music or business news, you can build an environment suited to your business's goals and needs by offering a complete package of TV service. DIRECTV continues to be #1 in customer satisfaction ratings over Cable and DISH Network.

### Forget Those Equipment Hassles

We can install DIRECTV for your business quickly and affordably and even assist you in acquiring the necessary television sets and other equipment.

We obtain a wide variety of equipment for our clients at the best prices. We can obtain flat screen TVs, receivers and even build a customized head-end, if necessary, ensuring clear and crisp reception of your DIRECTV programming. We stay abreast of all industry technology standards, ensuring the best video and audio experience – now and into the future.

### Digital and High Definition television programming from DIRECTV

With over 250 all digital channels to choose from, DIRECTV is the overwhelming choice for commercial properties. Customize your line-up for guestrooms, lobbies, bars, waiting rooms and restaurants selecting only the channels your guests expect and want to see.

### High Speed Internet Access (HSIA)

We provide both wired and wireless solutions for your properties. We at Direct Video Entertainment use the latest in Internet technology allowing your guests or clients easy access for work, news, and entertainment.

**Bars and Restaurants | Business Viewing Areas | Private Offices | Hotels & Motels | Hospitals & Assisted Living**
